

## Carnosaurs

big meat eaters

Example: Tyrannosaurus Rex

## Coelurosaurs

small meat eaters

Example: compsognathus

## Pterosaurs

flying reptiles

Example: Pterodactyl

## Sauropods

long neck plant eaters

Example: brachiosaurus

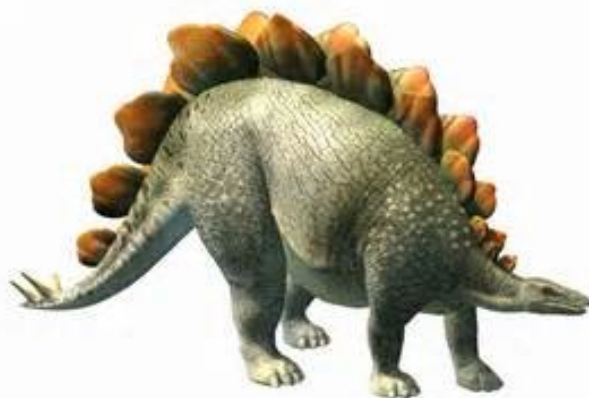

## Ankylosaurus

armored plant eaters

## Stegosaurus

plant eaters with plates on back

## Ceratopsians

Plant eaters with horns on head

## Pachycephalosaur

bony helmet on head

## Hadrosaurs

duck-billed plant eaters

## Parasaurolophus

plant eaters with crest on head

Carnosaurs (big meat eaters, like Tyrannosaurus Rex)

Theropods (meat eaters)

Coelurosaurs (small meat eaters)

Sauropods (long-necked plant eaters)

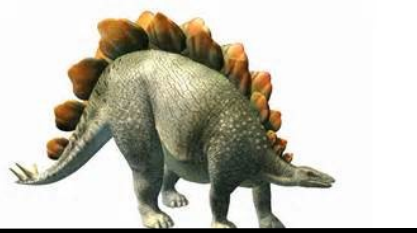

*Saurischians (reptile-like hip bones)*

*Ornithischians (bird-like hip bones)*

Ankylosaurus (armored dinosaurs)

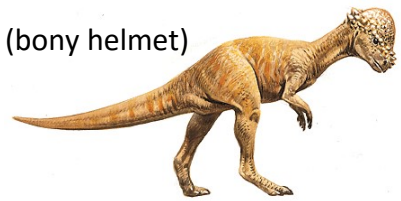

Stegosaurus (bony plates on back)

Ceratopsians (horns on head, bony frill)

Pachycephalosaurius (bony helmet)

Hadrosaurs (duck-billed dinosaurs)

Parasaurolophus (crest on head)

Pterosaurs
