

When I build my house, I'll need some **wood**.

And I'll **saw the wood**, when I build my house.

And we'll **saw the wood, saw the wood,**
saw the wood when I build my house.

When I build my house, there's so much to do...

It's nice when you come along and help me too.

When I build my house, I'll need some **nails**.

And I'll **hammer the nails**, when I build my house

And we'll **hammer the nails, hammer the nails,**

hammer the nails when I build my house.

Saw the wood, saw the wood,

saw the wood when I build my house.

When I build my house, there's so much to do...

It's nice when you come along and help me too.

When I build my house, I'll need some **bricks**.

And I'll **lay the bricks**, when I build my house.

And we'll **lay the bricks, lay the bricks,**

lay the bricks when I build my house.

Hammer the nails, hammer the nails,

hammer the nails when I build my house.

Saw the wood, saw the wood,

saw the wood when I build my house.

When I build my house, there's so much to do...

It's nice when you come along and help me too.

When I build my house, I'll need some **paint**.

And I'll **paint the walls**, when I build my house.

And we'll **paint the walls, paint the walls,**
paint the walls when I build my house.

Lay the bricks, lay the bricks,
lay the bricks when I build my house.

Hammer the nails, hammer the nails,
hammer the nails when I build my house.

Saw the wood, saw the wood,
saw the wood when I build my house.

When I build my house, there's so much to do...
It's nice when you come along and help me too.

And when I'm through, I'll go inside.

And I'll look with pride at the work I've done.

[Wow, look at what I did...]

We painted the walls, painted the walls,
painted the walls when I built my house.

Laid the bricks, laid the bricks,
laid the bricks when I built my house.

Hammered the nails, hammered the nails,
hammered the nails when I built my house.

Sawed the wood, sawed the wood,
sawed the wood when I built my house.

When I built my house, there was much to do...

[Thanks... you're welcome]

It was nice that you came along and helped me too
